What a year!

Our tenth anniversary marked many milestones, not the least of which included moving into our new site at Restoration Plaza in the heart of Bedford-Stuyvesant.

LGBTQ+ folks and allies began visiting in record numbers from our first day on August 15! Throughout the year, we served approximately 4,783 people: 3,478 people through direct and partnership programming and approximately 1,305 through referrals and other services.

We also continued to build organizational capacities in governance, financial management, and program operations by recruiting two new cause champions to our board, establishing a six-month cash reserve, and launching a new employment program for young adults with leadership support from the New York Community Trust.

But there is more work to do as we plan further expansion into the Bedford-Union Armory by 2021. We are confident that we will continue to succeed with your help.

Thank you for your investment in Brooklyn’s growing LGBTQ+ community!

**“Beautiful. Bold. Brilliant. Brooklyn.** We are thankful for spaces like Brooklyn Community Pride Center, where we feel safe and comfortable with expressing, discovering, learning more about ourselves and our community.

Our work is created to provide visual representation for the many communities and faces that are often marginalized.

This is a snapshot of some of those faces in Brooklyn. Beautiful, bold, brilliant people.”

PowerOn donated 13 laptops, 25 portable power banks, and 25 USB drives to kick off the partnership with more donations to follow. The devices were distributed to individuals who completed Pride Path programming training. Some devices were housed at the Center for classes and other group use.

Pride Path Launch

Brooklyn Community Pride Center began connecting local queer young adults to open, inclusive and LGBTQ+ friendly businesses. In FY18, over 120 applications were received for 45 paid internships.

“Like many young people of color in New York City, attaining a formal education has been difficult for me and, without a degree, many organizations won’t even consider you. The Brooklyn Community Pride Center’s Pride Path program helped me get a foot in a door that would have otherwise been closed to me.”
