This year will be one for the history books.

On behalf of the board, staff, volunteers, and the thousands of people served by our programs, we are delighted to share Brooklyn Community Pride Center’s FY20 Annual Report.

These pages describe another record-setting year for our impact and our reach, abruptly affected by the arrival of the COVID-19 pandemic during the final quarter of the year. What you’ll see is a continuation of the years-long trend of serving more and more people at our Bedford-Stuyvesant home, and then a quick pivot to a new way of engaging Brooklyn’s LGBTQ+ community.

We expect the road to recovery from the pandemic to be a complicated one, but we’re already adapting to a new reality. We are doing more programming with fewer resources than ever before, and that’s thanks to the support from the community toward our vision of providing LGBTQ+ Brooklynites with top-notch services in reducing social isolation, workforce development, racial justice, health and wellness, immigration, and homelessness and housing.

We continue to rely on and value sustained institutional relationships with organizations like the Brooklyn Community Foundation, Citi Community Development, CHUBB Personal Risk Services, H. van Ameringen Foundation, Lyft, Scharpf Family Foundation, Stonewall Community Foundation, Venable Foundation, New York Community Trust, and more. We also couldn’t do the work we do without ongoing support from our elected officials, especially in the last year before we launch the new Bedford Union Armory headquarters (coming mid-2021).

Check our website for current hours of operation and safety protocols around in-person visits or sign up to take part in one of our many virtual program offerings. We hope to see you again really soon.

Thank you for your investment in Brooklyn’s growing LGBTQ+ community!

Floyd Rumohr  
Chief Executive Officer

Sonelius Kendrick-Smith  
Board Chair
Our vision is to continue growing as Brooklyn’s premier network of programs and services for the LGBTQ+ community of New York City’s largest borough.

Across the spectrum from young people to elders, Brooklyn Community Pride Center enables our community to actively participate in positive, life affirming activities. We offer a distinctive choice for residents of New York City’s largest borough to celebrate, heal, learn, create, organize, relax, socialize, and play.

Brooklyn Community Pride Center is the only LGBTQ+ community center in and directly serving the residents of Brooklyn. Ours is a project of Brooklyn, for Brooklyn, and by Brooklyn.

Brooklyn Community Pride Center provides services and support to the borough’s LGBTQ+ community through original programming and partnerships with other organizations.

We continue to make excellent progress toward the Vision 2025 framework released last year.

Foremost among our key objectives: we formally signed the 30-year lease on our new headquarters in Crown Heights. Our current Bedford-Stuyvesant location will remain open and become our first planned satellite location. Depending on the circumstances of safety and public health, we anticipate a public opening of the Crown Heights facility in mid-2021.

We also revised the framework to include a sixth program strand: racial justice. While diversity, equity and inclusion have been part of our DNA since the beginning, we recognize an organization-wide need to address systemic racism in our community.

With the addition of the new program strand, we are on track to develop robust programming to meet the needs of LGBTQ+ Brooklynites within the next few years.

2021 Goals

1. Serve 10,000 total unique visitors across two sites.

2. Open Brooklyn's first mental health clinic at our Crown Heights HQ serving the LGBTQ+ community operated by Callen-Lorde Community Health Center.

3. Establish additional in-person and virtual programming in sports, recreation and other activities.

4. Operationalize our racial justice initiative by establishing anti-racist white working groups and implementing community-led programming for BIPOC audiences.

5. Build governance capacity of our board of directors through partnerships with Governance Matters, BoardLead, and others.
Since 2009, we have engaged in community partnerships that allow us to provide greater services to the Brooklyn LGBTQ+ community without duplicating the work of already-established organizations. Our FY2020 Community Partners were: CAMBA, The Family Centers at NYU Langone, and OASIS Latino L.G.B.T.S. Wellness Center. To learn more about virtual or space-sharing partnerships, please visit lgbtbrooklyn.org/office-sharing

**CAMBA**
CAMBA brought their Young Men’s Health Project (YMHP) to the Center on a regular basis with sexual health education and fun social activities.

**THE FAMILY HEALTH CENTERS AT NYU LANGONE**
The Family Health Centers at NYC Langone maintained a strong presence at the Center by providing safer sex kits, weekly HIV testing, and sponsored our monthly Women/TCNC Social Mixers.

**OASIS LATINO L.G.B.T.S. WELLNESS CENTER**
Based in Chelsea, OASIS works to help everyone have the healthiest sex lives they can though services that are culturally sensitive, linguistically appropriate, and tailored to meet the needs of the community. From their satellite office located at the Center, they offer STD testing and sexual health counseling.
In this section, we look back at some of the milestones that defined the year.

**JULY 2019**

MARCH 2020

The month began much in the style of previous months, with a packed calendar of services and activities. Unfortunately, on Friday, March 13, the Brooklyn Center was forced to close its doors along with the rest of the City as the COVID-19 pandemic spread. We immediately launched a virtual reception desk, allowing ongoing support for crisis and referral calls staffed by people working from home.

Within a week, many of our in-person groups were converted to virtual groups using technology platforms like Zoom or Google Meet. By the end of the month, we were adding new programs like virtual dance parties and workshop series on self-care during the pandemic.

APRIL 2020

With no reliable prediction on when in-person services could begin again, Brooklyn Community Pride Center began converting as many recurring programs as possible into virtual spaces including support groups, fitness classes, recovery meetings, and more. In addition to the ongoing programs and services, we experimented with many new virtual offerings, including:

- **In the Shadow of the J by Lizzi Duff**, a virtual reading by a transwoman member of the Center reaching the final stages of ALS
- **“Together in Pride: LGBTQ+ Response to COVID,”** a collaboration with other organizations to support GLAAD’s star-studded event
- **True Colors Day**, bringing attention to LGBTQ+ youth homelessness
- **Classes in movement, meditation series, and vocal coaching** for transgender and gender nonconforming people

- **Biweekly Fiber Craft Hangout**
- **Workshops on sexual health during COVID**
- **A weekly intergenerational dance party**
- **A COVID-19 Grief & Loss Support Group**
- **COVID-19 Care Packages**, in collaboration with The Brooklyn G.H.O.S.T. Project provided relief to trans and nonbinary people of color
- **Pride Path workforce** development enrolled 32 participants

JUNE 2020

June was a Pride month like we’ve never seen before as the City remained largely closed through the pandemic. Programming highlights included:

- **Dr. Eric Cervani’s book** *The Deviant’s War: The Homosexual vs. the United States of America* was publicly discussed online in collaboration with the Brooklyn Historical Society
- **Generation Rebel Talks** responding to community needs for Black youth to talk about racial justice through online activities

• Girl You Have Done it Again, a Papi Juice event for Pride 2020, was sponsored by the Center

• Although we wouldn’t begin re-opening the Center to visitors until July 2020, we began meeting people at the door to deliver locally-grown, farm-fresh food thanks to a new partnership with queer- and woman-owned Rock Steady Farms and their farm share CSA program.
